

Our Specialities // Knowledge :

Injection moulding of technical small and medium dimensions, rubber parts (LSR, SILICONES, NBR, HNBR, EPDM, VITON,..).

Moulding and overmoulding of technical (rubber/metal – rubber/plastic)

small and medium dimensions rubber parts (CR, NBR, VITON, EPDM, SILICONES, LSR ...)

Components assembling

Automatic process for 2k small dimensions technical sub components

(TP + self-adhesive LIQ SIL (LSR))

PARTS FUNCTIONS :

DRIVE ROLLERS AND GUIDE WHEELS:

HCR based products for printing functions, guide, and driving...

Use: paper printing and driving for ticket machines
